

Belding Area Schools Build-A-Home Program

2008 Home Currently Off the Market for Basement Finishing

The 2008 ranch home offers approximately 1,740 square feet of living space. Featuring a spacious master suite, this home also offers an additional main floor bathroom as well as a main floor laundry room. In addition you will find a spacious kitchen with quality cabinetry and solid hickory flooring.

This beautiful home has been built to suit buyers with added features such as air conditioning, large back deck, Anderson windows, underground sprinkling, beautiful landscaping and a second staircase leading from the garage to the basement. Once you step in this home you will

be amazed at the quality and craftsmanship.

A spacious kitchen makes preparing meals easy and enjoyable.

The 2008 home features a beautiful master bathroom with custom cabinetry and his and her sinks.
