Student(s) who reside within the Ionia County Intermediate School District and wish to attend any other public school district, other than their resident district, shall be released for purposes of Section 21 of the State Aid Act, to attend such other public school district; such release shall be subject to the following provisions:

Operational Aspects of the Open Enrollment Procedures for the 2011-2012 School Year:

- 1) Ionia County ISD Standard Policy: All parent(s) who choose to enroll or transfer their child(ren) to another public school district, shall enroll prior to Labor Day of the first semester, or on or before January 15 of the year in which the second semester occurs, and remain within that school system for the remainder of the semester. Any exceptions that are made to this policy (i.e., all student transfers prior to the end of the semester) shall require mutual agreement of the affected school superintendents and all parties involved.
- 2) The parent(s) of any child(ren) who attend school in a building outside of the school district of residence will be responsible for all transportation of their child(ren) to and from school.
- 3) The parent(s) of any child(ren) who desire(s) to attend school in a building outside of the school district of residence shall complete and submit a common Open Enrollment application. The form shall be submitted to the office of the superintendent of the district where the parent(s) desire(s) the child(ren) to attend (the accepting district), and a copy of the form will be sent to the office of the superintendent of the resident district (releasing district) for his/her signature of acceptance.
- 4) Each district will establish criteria for acceptance of non-resident students.
 - 1) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based upon religion, race, color, national origin, sex, height, weight, marital status, or athletic ability, or generally, in violation of any state or federal law prohibiting discrimination.
 - 2) A district shall refuse to enroll a nonresident applicant if the applicant is, or has been within the preceding two (2) years, expelled from another school.
 - 3) A district may refuse to enroll a nonresident applicant if the applicant has been a disciplinary problem for the resident district.
- 5) Notification of acceptance or rejection of an Open Enrollment Application shall be provided to the parent(s) completing the application. Copies of the completed, signed application form will be provided to the parent(s) upon request. Otherwise, copies will be kept in the files of both school districts.
- 6) The Ionia County Intermediate K-12 Public Schools Open Enrollment Project for each school year shall become operational in each K-12 district upon the approval of each of the County's local K-12 Boards of Education.
