

Language Arts

We have completed our literary essays and will begin the **memoir** unit in Writing Workshop next week. I am excited because I have never taught this unit before. I am very proud of the work the students have done in Writing Workshop this year! Reading assessments have been wrapped up, and we have also seen great gains in reading. Book clubs will continue for another week or two, but it's getting difficult because the Woodview Library is now closed for the year.

If your child still has a library book out, please return it ASAP. Mrs. Davey will begin sending bills for missing books next week.

Math

Our last few weeks will be spent learning about customary and metric units along with graphing. We will also be spending a lot of time on reteaching and retesting students on things that they have struggled with throughout the year.

Social Studies

Our government and how it was formed is the final topic of the year in social studies.

Science

Today, we assessed our unit involving the Earth, sun, and moon. Next, we will look at heredity.

Greenfield Village Trip

We are looking forward more than ever to our trip on Friday, June 4. We have already booked our busses and paid for the tickets, so please send in your child's money Monday if you have not already paid. We have filled all the chaperone positions, so we won't be able to add any more parents at this time. Please plan on having your fifth grader to Woodview by 6:40 a.m. the morning of the 4th. We will return at approximately 9:00 p.m.
