### Mr. O's Outlook...

As we wind down the year, our students are already starting to think about next year. Although we completed student scheduling a couple of months ago, there have been some changes to our overall schedule that has impacted students. Right now, we are working hard to make sure that all students are scheduled correctly into the classes that we have available. We are asking that students remain patient as we complete this process. By the time we have schedules ready for the fall, we should be in good shape.

Next week is all exams. Please help your student be on time and prepared to take the exams. Each day is a half day and will end at 10:30am. We also remind each student to take home all of their clothes and other personal items from their school and PE lockers.

Let's have a great final week of the year!

### ATTENTION Class of 2018!
