Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Ellis Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Tiffany Jackson, Principal, for assistance.

The AER is available for you to review electronically by visiting the Belding Area Schools web site at <http://www.bas-k12.org>, or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

We have increased our number of parent involvement activities throughout the last two years and continue to offer summer school to our at-risk students not meeting the state standards. Our early release days offered collaboration among teachers to vertically align more of the curriculum and look closely at the data results from our Discovery Education assessment. The establishment of the Multi-Tiered Systems of Support (MTSS) in each grade level was a success this past year. Success came from quality conversations and moving students beyond the classroom for enrichment and re-teaching on a regular basis as well as having common assessments.

Our collaboration with grade level teams and a special education teacher was a success and a challenge for us last year, and we strive for higher levels of learning. We saw great improvements in our students with disabilities learning side by side with their peers, and we hope the benefits continue. As we strive for a more comprehensive curriculum and aligned resources K-5, we identify this as a key challenge.

State law requires that we also report additional information.

### **1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL**

Belding students come to us by virtue of living within the boundaries of Belding Area Schools. In addition to resident students, we open our enrollment to school-of-choice students throughout the school year at grade levels where it is determined that there is room for additional students.

### **2. STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN**

The Ellis Elementary School Improvement Team and several building stakeholders have written a comprehensive school improvement plan focused on raising achievement for all students in reading, writing, math, social studies and science. The plan is also focused on closing the achievement gaps in any subgroups, and raising the achievement gap for ALL students through the Multi-Tiered System of Support.

### **3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL**

The philosophy of Belding Area Schools is to serve each individual with special needs in the least restrictive environment. A continuum of educational placement options is offered to individuals with mild to severe special needs from birth to age 26. Supportive services and vocational training programs are designed to meet their needs. Placement options are provided through the cooperative efforts of Belding Area Schools and the Ionia County Intermediate School District (ICISD). The ICISD and the local school districts combine to operate programs for low incidence populations. Likewise, pre-primary programs for impaired individuals serve many districts as a whole. It is the goal of the ICISD and Belding Areas Schools to provide a complete continuum of services to be made available in an efficient and cost

effective manner regardless of district size. Ellis Elementary has the following programs in-house for students with special needs: Early Childhood Special Education Preschool program, two Special Education Resource Room teachers and two Para-Professionals, and direct contact with the ICISD for students with Autism Spectrum Disorder.

### 4. HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

The curriculum is aligned to the Michigan Grade Level Content Expectations and Common Core State Standards. Local assessments are designed to assess these content expectations. District assessments are completed three times a year and data is reviewed by the whole staff. Larger scale assessments are analyzed as well to determine needs, and adjustments are made to the curriculum and instruction accordingly. The website is updated with curriculum documents.

### 5. AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

#### DISTRICT MATH ASSESSMENT DATA

In the fall, winter, and spring of each year, students are given a local math assessment (MAP/NWEA) to assess students' math skills. Results for the 2016-2017 beginning of the year and end of the year results are in the charts below. This was the first year of implementation for the NWEA Assessment.

Grade	Fall	Spring	Growth
DK	130.1	146.5	+16.4
K	134.5	153.8	+19.3
1	159.1	182.7	+23.6
2	175.1	192.6	+17.5

### **6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES**

#### **2015-2016**

During our fall conferences, 100% or 408 students were invited and attended in order to share progress and were given information regarding student achievement. Spring Conferences 80% or 161 student/families were invited and 129 attended the conferences. Throughout the school year two additional progress notes were sent to individuals to keep parents up to date on student achievement based on individual skills or strategies.

#### **2016-2017**

During our fall conferences, 92% or 374/407 students were invited and attended in order to share progress and were given information regarding student achievement. Spring Conferences 76% or 159 student/families were invited and 121 attended the conferences. Throughout the school year two additional progress notes were sent to individuals to keep parents up to date on student achievement based on individual skills or strategies.
